

Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

Safe and Inclusive School Plan

Ensuring Positive Learning Environments

1. Environment
2. Diversity
3. Equity

We are doing this to/because this aligns with concerns at the school level (staff and students) and at the community level.

Throughout the year, we will be:

1. Building educator capacity in understanding/responding to racism, supporting students, creating inclusive environments through PD and Staff meetings.
2. Involving parents and school community on topics such as mental health, digital citizenship and anti-racism through family events, guest speakers for parent workshops and assemblies (Bobcats Power 10).
3. Providing access to inclusive school clubs, opportunities for students to connect with each other to gain an appreciation of our differences.

Community/Home Connections

- Ask your child about:
 - Something positive they did, heard or seen at school throughout the day
- Try:
 - Encourage your child(ren) to use their voice for advocacy
- Check out this resource:
 - Community library book sign-out access for parents, which is located at the school
 - Stop it, Name it, Ask for change resource about speaking up and being a supportive ally
- Add this to our school's monthly newsletter
